

Preparing for Your Private Consultation

Thank you for booking with us. This short guide covers everything you need before your visit so your appointment is relaxed, unhurried, and genuinely useful — whether you buy that day or not.

YOUR APPOINTMENT

Ashok Diamonds Boutique — 7198 Airport Road, Mississauga ON L4T 2H3

Open Tuesday to Sunday, 12:00 PM – 7:00 PM (Eastern Time)

Questions or running late? Call (905) 671-4290 — we will hold your slot.

What to Bring

- Inspiration photos or screenshots of styles you or your partner love.
- Your partner's ring size, if you know it — a borrowed ring works too.
- A comfortable budget range. We work to maximise beauty per dollar within it.
- Any existing jewellery you may want to reset, upgrade, or match.

What Happens During Your Visit

1. Understanding you

We start with your partner's style, your timeline, and your budget. No pitch, no pressure.

2. Diamond education

You learn how to judge cut quality, light performance, and certification — the details that actually change how a stone looks.

3. Side-by-side viewing

We show natural and lab grown stones together under professional lighting so the differences are obvious to your own eye.

4. Design and next steps

If you are ready, we begin your setting or custom CAD design. If not, you leave with notes and zero obligation.
